DEVENDRA
WEB DEVELOPER & MIS

📞+91-8130158279   ✉ kumardevendra05808@gmail.com   🔗 https://www.linkedin.com/in/devendra666/

Summary

Versatile Web Developer with MIS expertise, creating responsive websites and managing data solutions. Skilled in turning complex requirements into user-friendly tools that improve processes, accuracy, and business decision-making.

Skills

Programming & Querying: SQL, Python , ReactJs , HTML5 , CSS3
Data Visualization Tools: Advanced MS Excel
Analytical Abilities: Data Cleaning, Exploratory Data Analysis (EDA), Insight Generation, Descriptive Statistics

Experience

SURVEILLANCE OFFICER   **April 2025 − Present**
AnG INDIA Limited   *Tools Used: Excel , SQL*

- Conducted weekly audits of surveillance data, identifying and resolving 95% of irregularities proactively.
- Automated Excel-based reporting for compliance checks, reducing manual work by 30%. Collaborated with security teams to build real-time incident tracking systems.
- Enhanced data retrieval processes using pivot dashboards and formula optimization.
- Delivered actionable summaries to senior management with improvement recommendations.

Projects

Online Library Management System | *(React,Tailwind,Mongodb,NodeJs)*   **August 2025 − August 2025**
🔗 **https://erp-devlibrary.netlify.app/**

- Designed and implemented a web-based platform for digital book search, issue/return tracking, and fine calculation, improving efficiency of library operations.
- Integrated user authentication and database management to securely handle student records and maintain accurate, real-time book inventories.
- Enhanced accessibility by enabling 24/7 online access to library services, reducing manual workload and improving user experience.

Emart Management System | *React,Tailwind,Mongodb,NodeJs)*   **August 2025 − September 2025**
🔗

- Designed and implemented a web-based platform for digital book search, issue/return tracking, and fine calculation, improving efficiency of library operations.
- Integrated user authentication and database management to securely handle student records and maintain accurate, real-time book inventories.
- Enhanced accessibility by enabling 24/7 online access to library services, reducing manual workload and improving user experience.

Awards & Certifications

- **Python With Django − Softpro India (2022):** Built dynamic, database-driven web applications using Python with Django, focusing on scalable architecture, secure authentication, and efficient data management.

- **Advance Java − Softpro India 2023:** Developed robust applications using Advanced Java, applying JDBC, Servlets, and JSP for efficient database connectivity and dynamic web functionality.

Education

Diploma in Computer Science And Engineering   **2021 - 2024**
Government Polytechnic , Mahoba   *Percentage: 72*

Bachelor of Technology In Computer Science With AIML   **2024 − 2027 Expected**
Apollo Institute of Technology , Kanpur
